FAIRFAX, VA. The Spray Polyurethane Foam Alliance (SPFA) is pleased to announce the election of new Executive Committee Officers and Board members for the 2020 -2012 term. These members have taken it upon themselves to provide the association, and the industry, with expert guidance on strategic, safety, promotional, operational, technical and a host of other issues. They are poised to shepherd SPFA and the industry into the next levels of growth, performance and delivery of products and services.

The SPFA Executive Committee members for the upcoming term are: President, Mr. Sig Hall, President, Western Pacific Roofing, (www.westpacroof.com); Vice President, Mr. Robert Duke, President, Carolina Comfort Foam; Treasurer, Mr. Peter Davis, President, Gaco Western (www.gaco.com). The Executive Committee also includes Mr. Sean Stumler, Vice President, IRC Roofing, in the capacity of Immediate Past-President.

“With the continued growth of our industry, and more certain to be coming, now is an extremely exciting time to be in the SPF business, and be part of SPFA,” said Mr. Hall. “SPFA represents the avenue through which we in the industry can coordinate on issues of technical standardization, safety procedure deployment, joint industry promotion and networking, and a host of other valuable services for the betterment of our field. I am very honored and fired-up to be leading our efforts as an industry for the next term of the Board.”

“Every Board of Director term is presented with unique industry insights, challenges and opportunities,” said Kurt Riesenberg, SPFA’s Executive Director. He continued “Now is no exception to this with substantial interest growing everyday in SPF, the Board will be focused on development of new ways to interact with our industry, effectively address important issues of application quality and safety, and be even more reflective of the great commitment our members have toward excellence in industry. We have a great incoming Board with a fantastic mix of returning and new members that will do a stellar job for the industry that relies upon us for their representation.”
